

IoSCM Partner Network

The Institute of Supply Chain Management have established a strong 'Partner Network', designed to reflect the varying focus and requirements of each and every partner.

IoSCM have a strong ethos of collaboration, we work closely with you and your team to create the solution which will achieve your desired results.

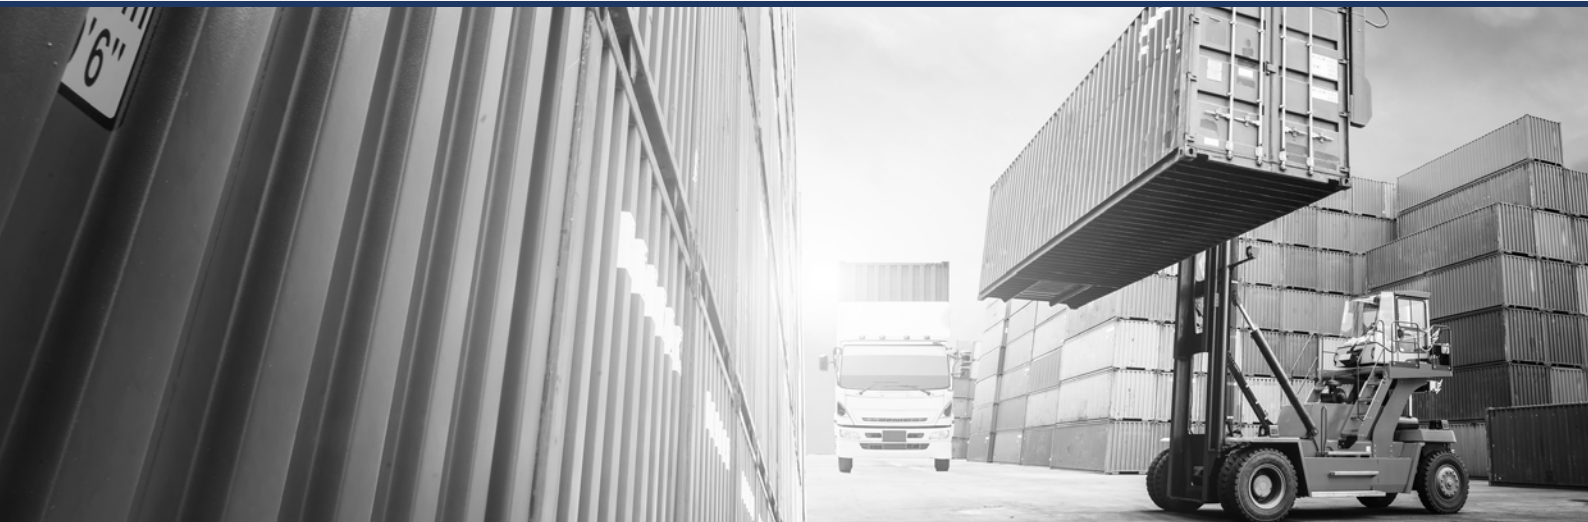

Welcome to the IoSCM Partner Network brochure, the information within this guide will explain how we collaborate with our network to the benefit of you, our partners. The IoSCM Partner Network Team are dedicated to ensure your relationship with the Institute is positive, enduring and beneficial to your organisation. You will have a dedicated Partnership Manager to support you, ensuring you are utilising the extensive partner resources we have available.

The Institute of Supply Chain Management (IoSCM) is the first international Institute to represent the interests of the wider supply chain. Our aim is to improve the industry by setting standards and promoting best practice; through high-quality training, career development programmes and distance learning courses tailored to meet the needs of our learners and partners.

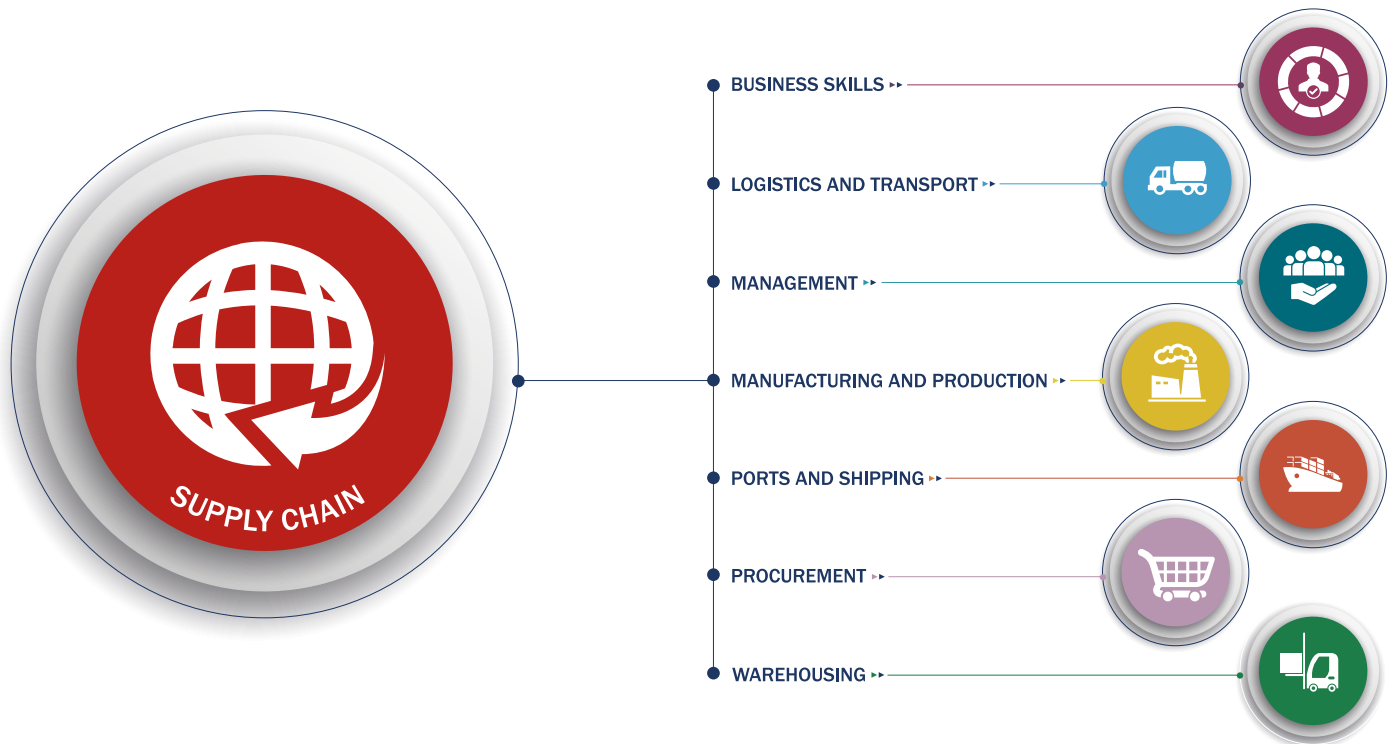

“Utilising industry expertise, we have developed a wide range of Professional qualifications specialising in all areas of the Supply Chain.”

The Supply Chain is a sequence of connected sectors, our Partners have the option to specialise in one area, or deliver qualifications from throughout the full Supply Chain.

A range of options to suit you are available, from short courses and workshops, to full diplomas.
