# IoSCM Level 5 Supply Chain and Operations Management

## ABOUT THIS COURSE

Every Supply Chain position will encounter different responsibilities from company to company. This can depend on the sector in which the supply chain serves or the size of the organisation. IoSCM allows learners to select their own units to custom build a tailored supply chain qualification. Studying with us, you will receive an internationally recognised qualification to give you a distinct advantage amongst fellow professionals.

If you're looking to progress your career into a senior management role within the supply chain management field, the Level 5 Supply Chain Management qualification from the Institute of Supply Chain Management is perfect for you and your career. This supply chain distance learning course is designed for students who'd like to strengthen management skills as well as develop knowledge in specific areas of supply chain. With an IoSCM supply chain qualification, if your role focuses on certain aspects of supply chain and operations, we adapt the course to suit you.

\*Through completion of the IoSCM level 5 - Supply Chain and Operations Management you will receive certification from IoSCM and also a regulated qualification, Level 5 in Supply Chain and Operations, via our partnership with SFEDI Awards as the Ofqual regulated Awarding Organisation.
