IoSCM Level 7 Supply Chain Management and Operations

ABOUT THIS COURSE

Every Supply Chain position will encounter different responsibilities from company to company. This can depend on the sector in which the supply chain serves or the size of the organisation. IoSCM allows learners to select their own units to custom build a tailored supply chain qualification. Studying with us, you will receive an internationally recognised qualification to give you a distinct advantage amongst fellow professionals.

The Level 7 in Supply Chain Management is designed for managers who have the authority and personal inspiration to translate organisational strategy into effective operational performance in the field. Supply chain management bring together the business skills to manage the activities and flows of information between suppliers, manufacturers, logistics service providers, retailers and consumers.

*Through completion of the IoSCM level 7 - Supply Chain and Operations Strategy you will receive certification from IoSCM and also a regulated qualification, Level 7 in Supply Chain and Operations, via our partnership with SFEDI Awards as the Ofqual regulated Awarding Organisation.
